Several colours have been discontinued)*

Drawing Inks

Drawing Inks are used where brilliance of colour is the main requirement. Dye based inks do not possess the lightfast quality of pigments but the range of 26 colours offers outstanding brilliance and transparency. The inks are made from soluble dyes combined with a shellac binder which imparts the water resistant characteristic. Clean with water during working. Should the inks dry, methylated spirits can be used to dissolve the colour, followed by washing with soap and warm water. (Liquid Indian Ink, a solution of traditional Chinese stick ink used by calligraphers is not water resistant.)

Apple Green, Black Indian, Blue, Brick Red, Brilliant Green, Burnt Sienna, Canary Yellow, Carmine, Cobalt, Crimson, Deep Red, Emerald, Gold, Nut Brown, Orange, Peat Brown, Purple, Scarlet, Silver, Sunshine Yellow, Ultramarine, Vermillion, Violet, Viridian, White, Liquid Indian
